

“Reading the Woods”
Presented by: Donald “Doc” Bayne

What is living in the woods? How do you know what is there or what is not there? You just need to know what to look for! Come and learn the tell-tale signs of the forest so that next time you hike, you will know what lurks in the woods you are walking in.

Donald “Doc” Bayne is a former Environmental Educator at Sterling Forest and leads many educational hikes in the Hudson Valley.
